

Morris Register Vehicle Database

INTRODUCTION

This Database is an attempt to list those Morris vehicles known to the Club designed before 1940 and manufactured between 1913 and 1953. Entries are current as of **1st June 2020**.

Vehicles are listed in the following order Oxford - all models; Cowley - all models; Light Six; Isis; Major; Minor - all models; Eight - all models; Ten - all models; Twelve; Fourteen; Fifteen; Sixteen; Eighteen; Twenty One and Twenty Five. Commercial vehicles, including Morris Minor and Eight Vans are listed at the end of the schedules.

The majority of column headings are self explanatory however, under the heading "Condition" numbers are used to indicate the known condition of each vehicle. 1 = Good Running Order; 2 = Temporarily Off Road; 3 = Undergoing Restoration and 4 = In Need of Restoration. Where there is a blank the condition of the vehicle is not known.

In addition entries have been colour coded **GREEN** to indicate that the vehicle is owned by a current Club member and **Pink** if where the current owner is not known. If your vehicle is **Green** and all details are correct no action is required. If however it is **Pink**, or there are details missing you need to get in touch.

To search for general details of particular models you can either scroll through the pages using the up / down arrows that appear at the bottom of the screen when this file is opened. If your registration number is not there please get in touch.

To find a specific data hold down the "Ctrl" key and at then press the "F" key on your keyboard. This will open a search box at the top right of the screen, type in the information you wish to find and then click on "Next". If the information is on the database the entry will be highlighted, if not a message will be displayed that the information could not be found.

At the end of each section there is a list of vehicles where details, principally car and/or registration numbers are missing. Members are requested to check the entry for their vehicle(s) to make sure we have the correct information. Any corrections or additional information should be forwarded to the Vehicle Registrar, Mike Brears by letter or e-mail at vehicleregistrar@morrisregister.co.uk

Terms & Conditions

E & OE

This Database is for the use of Morris Register members only, it is a condition of access that no part of the information provided is in any way passed to any party who is not a Club member, any member found to have done so may be subject to disciplinary action.
